

CONSPECT

Open for Business™

Expand Your Horizons with Conspect's Global Business Development Services

CONSPECT is a dynamic business and market consultancy, based in Israel, focusing on high-tech industries, such as security, telecommunications, information technologies and healthcare.

Since 1993, **CONSPECT** has been helping companies to bridge the uncertainty gap in the dynamic markets environment by providing a variety of tailored services in the areas of:

- ▶ Strategic consulting
- ▶ Business development and planning
- ▶ International marketing
- ▶ Market research and analysis
- ▶ Competitive intelligence
- ▶ Investments and strategic partnerships

CONSPECT is cooperating with leading business, marketing and technology companies as well as investment and venture firms around the world. We have access to varied market and technology information resources.

CONSPECT is a client oriented company. Our clients range from start-ups to multinational corporations. Our mission is to help our clients in growing their business, serving their customers, obtaining competitive advantage and achieving business success.

CONSPECT's co-founder and managing director is Ofer Atzmon, a highly experienced expert in international marketing and business development. With our small but highly dedicated team of professionals we are best suited to help you expand your horizons.
